LOIN COULOTTE MUSCLE SPECIAL

Image of product is not meant to represent the actual product trim specification

The beef loin sirloin coulotte muscle special is derived from a boneless top butt. It is the underlying muscle just under the surface fat on the dorsal edge where the back bone was removed. The coulotte is separated from the boneless top butt along the natural seam. All surface fat is trimmed to an average of 3/4 ". Belly is trimmed free of all fat and tissue.
