BEEF HINDSHANK BI CROSS CUT MV

Image of product is not meant to represent the actual product trim specification

The Beef Hind Shank Sliced is derived from the bone in center cut hind shank. It consists of the tibia (hind shank bone), and all of the muscles that accompany it. The hock and stifle joint are removed from the distal end in order to expose the tibia and lean tissue on both ends. The end product will then be cut into slices approximately 1" in thickness. Surface fat on the lean side shall not exceed an average 1/4" in thickness.

Product Code:	6502	**Case Dimensions:**	20.6250" x 15.6875" x 7.3750"
Description:	BEEF HINDSHANK BI CROSS CUT MV	**Cube:**	1.38
USDA Grade:	Choice	**Pallet Tie x High:**	6 x 9
GTIN:	90710178065024	**Avg Case Weight:**	17.4
		Pieces/Box:	12
