

BEEF CHUCK SHORT CUT CLODS

National Beef®

The Beef Chuck Short Cut Clod is derived from the cross rib when producing B.I. neck off chucks. The short cut clod/blade removed is produced by removal of the top blade muscle at the natural seam. The ear (fin) is squared off even with the main clod muscle. All shank meat is trimmed. Surface fat, bevels and interior fat are trimmed to an average 1/2" thickness. The top blade is seamed out and removed.

Image of product is not meant to represent the actual product trim specification

Product Code: 79142
Description: BEEF CHUCK SHORT CUT CLODS
USDA Grade: Choice
GTIN: 90710178791428

Case Dimensions: 15.7500" x 15.7500" x 9.2500"
Cube: 1.33
Pallet Tie x High: 5 x 6
Avg Case Weight: 51.8
Bags/Box: 4
Pieces/Box: 4
